

Otology/Neurotology Faculty Opportunity for Neurotologist Seeking Busy Skull Base Practice

Assistant or Associate Professor

Department of Otolaryngology – Head and Neck Surgery

University of Arkansas for Medical Sciences (UAMS) | Little Rock, Arkansas

The Department of Otolaryngology – Head and Neck Surgery at the University of Arkansas for Medical Sciences (UAMS) is seeking a board-certified Otologist/Neurotologist who is interested in building a robust skull base practice. This is a full-time faculty position at the **Assistant or Associate Professor level**, depending on qualifications and experience. The individual would be the only academic lateral skull base surgeon in the state of Arkansas.

This is a unique opportunity to join a dynamic academic department in a collaborative environment focused on clinical excellence, cutting-edge research, and comprehensive medical education. Faculty appointments at UAMS reflect the institution's mission to promote academic excellence, deliver outstanding patient care, and improve the health and wellness of Arkansans.

Position Highlights:

- Join a collegial team of fellowship-trained subspecialists in a department dedicated to innovation, mentorship, and academic success.
 - Practice at UAMS Health, Arkansas's leading academic health center, with access to a wide referral base and a diverse patient population.
 - Perform a full range of neurotologic procedures, including cochlear implantation, lateral skull base surgery, vestibular schwannoma management, and complex otologic reconstruction.
 - Collaborate across disciplines with Neurosurgery, Audiology, Radiation Oncology, and other specialties in multidisciplinary skull base and hearing preservation programs.
 - Enjoy protected time and institutional support for clinical, translational, or basic science research.
 - Play an active role in teaching and mentoring residents, medical students, and, as appropriate, fellows.
-

Minimum Requirements:

- MD, DO, or equivalent medical degree.
 - Completion of an ACGME-accredited residency in Otolaryngology – Head and Neck Surgery.
 - Completion of an accredited fellowship in Otology/Neurotology.
 - Board Certified or Board Eligible in Otolaryngology, with eligibility for subspecialty certification in Neurotology.
 - Eligible for unrestricted medical licensure in the State of Arkansas.
 - Demonstrated commitment to clinical excellence, education, and scholarly activity.
-

About Little Rock:

Little Rock, the capital of Arkansas, offers the perfect blend of metropolitan amenities and natural beauty. Nestled along the Arkansas River and surrounded by scenic parks and trails, Little Rock features a vibrant downtown, excellent schools, a low cost of living, and a strong sense of community. Residents enjoy arts, culture, professional sports, and year-round outdoor recreation, all with minimal traffic and an affordable lifestyle.

Application Process:

Applicants should provide a current CV and a cover letter outlining their interest and qualifications. References will be requested during the later stages of the hiring process. All applications will be handled with strict confidentiality.
