Otologist/Neuro-otologist

Division of Otolaryngology-Head & Neck Surgery

Department of Surgery

The University of CT School of Medicine is seeking a full-time fellowship trained otologist/neuro-otologist for an Academic Practice. This full-time position offers an excellent opportunity for clinical practice at the University of Connecticut Health Center.

The position will include educational responsibilities with students and residents of the University of Connecticut Health Center integrated Residency Program in Otolaryngology and the opportunity for research in collaboration with a world-renowned group of hearing scientists. The successful candidate must be Board Certified or Board eligible in Otolaryngology and eligible for licensure in the State of Connecticut.

This unique position affords the opportunity to practice Otology/Neurotology at a university tertiary care facility.

Academic rank and salary are commensurate with training and experience.

Applications will be accepted until the position is filled.
